

Plainview Independent School District

School Health Advisory Committee

February 1, 2016

The Plainview ISD School Health Advisory Committee met at 11:30 a.m. in the Plainview ISD Board room on February 1, 2016. Members introduced themselves and gave their role on the committee. Members present included: Sharon Wright, Sarah Castillo, Greg Northcutt, SuNell Pyeatt, Patti Hutto, Becky Villanueva, Mike Finley, Charlotte Adams, Danny Wrenn, Darcie Mason, Cameron Hurta, Sandra Ramirez and Amy Ratliff. Policy FFA (LEGAL) will be updated in the spring of 2016 to cite the current federal statutory provisions. Because of this the Texas Association of School Boards is recommending an update to FFA (LOCAL) to correlate with the legal policy. A worksheet was sent from the Policy Service to guide the SHAC in development of the new policy to propose to the Plainview ISD School Board for their approval. Suggested policy text was discussed and recommendations made by the committee. Sharon Wright is to look into the fundraising activities currently being held on campuses to aid in the committee in determining a portion of the policy. She will report back to the committee as soon as she has answers. The meeting was adjourned at 12:45 p.m.
