

PREGNANCY-RELATED SERVICES (PRS)

A Plainview High School student who is pregnant may request homebound instruction, and pregnancy-related services, through the Student Accounting Specialist's office. Students who attend Houston High School, Estacado Junior High, or Coronado Junior High may request homebound instruction, and pregnancy-related services through the counselors on these campuses. Pregnancy-related services are available on campus from the time a student notifies the campus of the pregnancy. Services include school counseling services, and school health services.
