

School Health Advisory Committee

November 9, 2015

Minutes of meeting

Sharon Wright welcomed members to the meeting. Members introduced themselves and reminded everyone of their role – parent, school employee, community, business or student. The District wellness plan was reviewed and accepted as written with the elimination of the strategy which indicated that brochures and pamphlets would be available in the nurse's office.

A subcommittee consisting of Danny Wrenn, Charlotte Adams and Sha Bradshaw was appointed to make policy recommendations to increase physical activity and improve fitness. At this time, there is no recommendation.

Concerns and issues from the committee were brought forward. There was a concern brought about public displays of affection between students and Mrs. Wright agreed to bring it to the attention of the proper administrator.

Meeting adjourned at 12:45 p.m.
